

Nov 30, 1956

Dear Tracy:

Les Casida and I were talking about aging; he mentioned a reference you might not have run into:

"McKenzie, F.F. 1928 Growth and reproduction in swine. Mo. Ag. Exp. Sta. Research Bull. 118."

It concerns othhoclones of sows.

Best wishes

A handwritten signature, possibly "J. H. ...", is written in ink below the typed text "Best wishes".
